What is PAHCOM?

Professional Association of Health Care Office Management is the national organization specializing in physician office practice management and is dedicated to providing a strong professional network in support of health care office managers and practice administrators. PAHCOM's goal is to help its members become more effective in their daily professional responsibilities by enhancing productivity and efficiency through increased knowledge of basic health care management principles, sharing of experiences, and the exploration of initiatives designed to identify medical management problems and implement appropriate solutions.

Why Join an Association?

Through teamwork, we join forces with others to achieve even greater success. Membership in an association affords you the opportunity to network with other members in your profession and tap an enormous pool of expertise and experience.
